§ 5.04 AS-BUILT PLANS.

After completion of all public improvements and prior to their acceptance by the Board of Public Works and Safety/Board of County Commissioners, the subdivider shall provide the Executive Director one copy of drawings showing the actual locations and specifications of all improvements installed in the subdivision. The as-built drawings shall be certified by a land surveyor or engineer licensed in Indiana.

(1980 Code, Ch. 154, § 5.04) (Ord. 2001-4, passed 3-27-2001)

M. As-built plans. Upon completion of the storm sewer improvement, a minimum of two sets of as-built plans and profiles shall be filed with the Commission, or the appropriate authorities. (1980 Code, Ch. 154, § 4.08) (Ord. 2001-4, passed 3-27-2001)

F. Preparation of sanitary sewer plans. The plans for sanitary sewer facilities shall be provided by the owner/developer and approved by the appropriate state agency who shall verify that the plans conform to the appropriate state, county and local specifications. Two copies of the as-built plans shall be provided by the owner/developer and filed with the Board of Public Works and Safety.

E. Recording of water supply installation. On completion of the water supply installation, two sets of the plans, as built, shall be filed with the Columbia City Board of Public Works and Safety.
